SUMMER VACATIONS ASSIGNMENT

Summer Vacations Assignment (2019 - 2020)

CLASS - IV

Dear Parents,

Holidays are time when you can connect with your child in many ways. As you are your child's first and most important teacher, you can encourage your child's love for learning by participating in educational activities at home. Working together on the activities will help your child build confidence, learn to reason and develop skills necessary for his / her education. Holidays are the best time to nurture a child's talent and to learn something fruitful.

1. Take your child for a morning walk, talk about things you see around.
2. Play indoor games with your child like ludo, carom, scrabble etc. Feed grains to the birds.
3. Let your child help around the house doing small jobs like dusting, cleaning the table, filling water bottles, watering the plants, etc.
4. Spend as much time as possible with your child during holidays. To spend some quality time with your child, take them out for a movie and have fun together.
5. Please make sure that your child completes his/her holiday assignment.
6. Make your child do yoga everyday at home during summer vacations.
7. Kindly make your child write H.A. and date at the top of all the pages of copies and books given for holiday assignment.
