Swami Vivekananda

"Have you the courage to face any hurdles, however formidable? Have you the determination to pursue your goal, even if those near and dear to you oppose you? You can be free men only if you have confidence in yourselves. You should develop a strong physique. You should shape your mind through study and meditation. Only then will victory be yours."

Swami Vivekananda was an Indian Hindu monk chief disciple of the 19th-century Indian mystic Ramakrishna. Born into an aristocratic Bengali family of Calcutta, Vivekananda was inclined towards spirituality. His teachings have created a positive impact on his followers.

3 GOLDEN RULES

from Swami Vivekananda

- Who is Helping You, Don't Forget them.
- Who is Loving you, Don't Hate them.
- Who is Believing you, Don't Cheat them.
